Senior Manager — Insurance Operations | Financial Operations | Reconciliation & Risk Compliance

PROFESSIONAL SUMMARY

Senior Insurance Operations and Risk Compliance leader with 19+ years across general insurance, TPA back-office, telecom and financial services spanning 18 international markets. Managed INR 2,200+ Cr (~AED 970M) in partner financial operations across 18 international subsidiaries at Bharti Airtel and INR 300+ Cr (~AED 132M) in monthly premium reconciliation across 22+ insurer relationships at Insurance Dekho with 99.2% accuracy. Proven expertise in financial reconciliation, AML/CFT compliance, internal audit, SOP development and KPI monitoring across Motor, Health and General Insurance lines. Currently completing Six Sigma Green Belt. Targeting Senior Manager roles with leading insurers, TPAs, Banks and financial institutions across UAE and GCC.

WORK EXPERIENCE

Insurance Dekho • Gurgaon, India • April 2022 – April 2026

Insurance Dekho — part of Girnar Finserv Pvt Ltd — is one of India's fastest growing digital insurance distribution platforms operating across Motor, Health and General Insurance lines. Managing INR 300+ Cr monthly premium volumes at national scale.

Senior Manager – Insurance Operations, National Operations

April 2025 – April 2026 • Full-time

Led PAN-India motor insurance operations overseeing INR 300 Cr+ (~AED 132M) in monthly reconciliation across 22+ insurer relationships, managing a team of 6 direct reports across policy administration, pay-in operations and broker management.

- **Pay-in & Retention Operations:** Led pay-in rule creation and rate calculations across Motor LOB lines (GCV, PCV, MISD, 2-Wheeler, Private Car), managing insurer grid implementation for 22+ insurers with monthly go-live accuracy and continuous improvement discipline.
- **Retention Grid Governance:** Oversaw retention grid deployment by month-end across all partner lines, ensuring 100% rate visibility, seamless business booking and adherence to SOP-driven governance frameworks.
- **SLA & Compliance:** Maintained SLA and TAT adherence across all pay-in and retention processes, implementing KPI monitoring dashboards and root cause analysis protocols to sustain operational excellence.
- **Team Leadership:** Led, mentored and managed performance of a team of 6 direct reports, driving accountability, capacity planning and cross-functional coordination across national operations.
- **Reconciliation & Financial Operations:** Managed INR 300 Cr+ in monthly reconciliation volumes, resolving back-document open items and strengthening internal controls and compliance monitoring across national operations.
- **Reverse Reconciliation:** Executed reverse reconciliations and controlled beneficiary partner bookings, ensuring financial transparency, clean audit trail and regulatory adherence.
- **Cancelled Policy Reconciliation:** Performed cancelled policy reconciliation using insurer-sourced data, maintaining system accuracy and audit traceability across all Motor LOB segments.
- **AR & Payment Mode Reconciliation:** Conducted payment mode and AR reconciliations, resolving variances and reinforcing internal controls across PAN-India transactions.
- **Portal Governance:** Streamlined insurer portal governance and 64VB status tracking, reducing approval delays and ensuring T+1 compliance reactivation.
- **Credit Float & ATC:** Oversaw credit float and ATC processes, enabling same-day payouts and improving partner experience through efficient fund utilization.

Manager – National Operations

April 2022 – March 2025 • Full-time

Managed national-level insurance operations with accountability for reconciliation integrity, policy administration, partner financial accuracy and process governance across Motor LOB.

- **Process Foundation & Governance:** Built the reconciliation and portal governance discipline later scaled in the Senior Manager role — resolving open items, cancelled policy reconciliation and insurer portal locks to reduce documentation backlogs and approval delays.

PROJECTS

National Motor Reconciliation Overhaul • January 2024 – January 2025

Insurance Dekho

Designed and led a structured reconciliation framework across 22+ insurer relationships covering pay-in, cancelled policy, credit float and payment mode reconciliation — resulting in cleaner audit trails, reduced open-item backlogs and improved insurer grid compliance across PAN-India operations.

Multi-Country VAS Partner Financial Operations • January 2014 – January 2019

Bharti Airtel

Managed end-to-end financial operations for 350 partner companies across 18 international subsidiaries (Africa, UAE, KSA, UK, USA, Spain, Italy, Indonesia) using Oracle ERP — covering provisioning, actualization, open-item reconciliation and bordereaux reporting.
